# DANSK VAABENBOG

AFBILDNINGER TIL A. THISET OG P. L. WITTRUPS

## NYT DANSK AEDELSLEXIKON

UDGIVEN AF

FORENINGEN TIL UDGIVELSE AF DANMARKS AEDELS AARBOG

GENGIVEN VED FOTOLITOGRAFI AF PACTH & CRONE

I KOMMISSION HOS VILH. TRYDE  
KJØBENHAVN 1910

—♦♦♦—

DANSK VAABENBOG er ikke oprindelig planlagt med en Udgivelse for Øje. Professor *H. Storck* havde paa Grundlag af de forskellige danske Sigilværker og sin egen store Sigilsamling paabegyndt en Række heraldisk korrekte Gengivelser af samtlige danske Adelsvaaben fra ældre og nyere Tid, alt kun til egen Fornøjelse og Adspredelse i ledige Timer. Dette kom Foreningens Bestyrelse for Øre, just som den havde paabegyndt Trykningen af det af Foreningen i 1904 udgivne «Nyt Dansk Adelslexikon», og det stod den da strax klart, at dette Lexikon først vilde faa sin fulde Betydning, hvis der til det kunde knyttes en illustreret Vaabenbog som den af Professor *Storck* paabegyndte. En Forhandling derom indledes, og skøndt et Samarbejde paa det givne Tidspunkt maatte kræve store Opofrelser fra Professor *Storcks* Side — alene det Krav, som Foreningen maatte stille om, at den af Professoren anvendte Ordning efter de heraldiske Mærker ombyttedes med den i Lexikonnet anvendte alfabetiske Ordning, nødvendiggjorde et meget betydeligt Omarbejde — saa stillede Professoren sig dog strax fra første Færd af saa imødekommende, at det i Fortalen til Lexikonnet kunde bebudes, at dette vilde blive efterfulgt af en Vaabenbog, indeholdende Gengivelser af samtlige de i Lexikonnet beskrevne Vaaben.

Forarbejderne ere nu saa vidt fremskredne, at Værkets Udgivelse kan paabegyndes. De enkelte Vaabenafbildninger, alle gengivne i Fotolitografi, ville baade med Hensyn til Indhold og Rækkefølge nøje slutte sig til «Nyt Dansk Adelslexikon». Da dette indeholder fuldstændig Angivelse af hvert enkelt Vaabens Farver, forsaavidt disse kendes, er der ikke i selve Tegningerne anvendt Farveangivelse ved heraldisk Skravering, hvad der ogsaa, gennemført i alle Enkeltheder, vilde have krævet et langt større Format, specielt for de mere komplicerede Vaabens Vedkommende, end det i anden Henseende var ønskeligt.

Vaabenbogen vil udkomme i Hefter à 10—15 Tavler og fordeles til Foreningens Medlemmer; med Hefterne vil følge Meddelelser om Rettelser og Tilføjelser til den paagældende Del af Adelslexikonnet, og disse Rettelser og Tilføjelser vil sluttelig blive meddelt samlet.

**T**EGNINGERNE i „Dansk Vaabenbog“ ere udførte paa Grundlag af de forskellige danske Sigilværker, originale Sigiller, ældre Vaabenafbildninger samt Monumenter. Ved Udførelsen er der i Modsætning til, hvad Tilfældet er med Afbildningerne i „Lexikon over adelige Familier i Danmark, Norge og Hertugdømmerne“, taget Hensyn til heraldiske Former fra den Tidsperiode, da den paagældende Slægt fremstod.

Det var oprindeligt ikke Tanken at udgive Vaabenbogen; at dette er sket skyldes Foreningen til Udgivelse af „Danmarks Adels Aarbog“, som ønskede at knytte den til det i 1904 udgivne „Nyt dansk Adelslexikon“.

Tegningerne slutte sig baade med Hensyn til Indhold og Rækkefølge nøje til det nævnte Værk. Da dette indeholder fuldstændig Angivelse af hvert enkelt Vaabens Farver, forsaavidt disse kendes, er der ikke anvendt Farveangivelse ved heraldisk Skravering, hvad der ogsaa, gennemført i alle Enkeltheder, særlig for de mere komplicerede Vaabens Vedkommende, vilde have krævet et større Format end i anden Henseende ønskeligt.

*Kjøbenhavn, April 1910.*
